RE: SEP18-0002 & SHD18-0001 Letter of Complete Application Status

Dear Ms. Carroll:

Thank you for your submittal on March 30, 2018 of the additional information requested in my March 22, 2018 letter. I have reviewed the applications and the submitted information and find, for the purpose of vesting, the applications are complete as of April 10, 2018, and will be reviewed under the 2017 Shoreline Master Program and Lewis County Code Chapter 17.110 (State Environmental Policy Act).

Lewis County is preparing to issue a Determination of Significance (DS) to begin the scoping process. The scoping meeting is tentatively scheduled for Wednesday May 9, 2018 in the Commissioner's Hearing Room between 4 pm and 8 pm. During that time, your team will be expected to attend the scoping meeting and present the project by providing information in the form of a short presentation to the public and other agencies in attendance.

The application, SEPA checklist and additional information that you have submitted (except for the cultural inventory report) will be available on the Community Development web page for public review prior to the scoping meeting and during the scoping comment period.

Sincerely,

A handwritten signature in cursive script, appearing to read "K. Witherspoon".

Karen Witherspoon, AICP
